Iowa Early Learning Standards

Planning Process

1	describe the situation, skill, issue, or concern to address
2	identify area of development
3	determine standard
4	select benchmark or benchmarks
5	choose adult supports to reach benchmark or benchmarks
6	design and implement the plan

Use the Iowa Early Learning Standards 3rd edition to complete the six steps to address a situation, skill, issue, or concern. This template is one model to use for intentional planning.
