

# Indian Hills Memory Paths

## Leave a Lasting Legacy

In 2008, Indian Hills developed Memory Paths on the Ottumwa and Centerville Campuses. The Memory Path on the Ottumwa Campus is located around the pond behind the Hellyer Student Life Center. The Centerville Campus Memory Path is located between the Barn and the administration building. Both locations are shown on the front of this brochure.

As a part of this exciting project, all alumni and friends of Indian Hills are invited to purchase engraved stones that will be installed in the walkways. A memory path paver is an excellent way to memorialize a loved one, honor friends and family or remember your time at Indian Hills.

Installation of the pavers occurs twice each year. The first installation will take place in April, ensuring that your stone is in place for the spring commencement ceremonies on each campus. The second installation, in September, will ensure that your paver is in place for the annual Homecoming festivities.

All proceeds from the Memory Paths will support scholarships for students at Indian Hills through the IHCC Foundation.
