### Interpreting your scores

- How is the TEAS test graded? Your TEAS score is calculated by a system called equating, which means some questions are worth more points than other questions. You will not know which questions have more weight, but there are easier and harder questions that make up the entire test.

On page 1 of your **Individual Performance Profile** see your **Adjusted Individual Scores** expressed as a percent in each of the four sub-scale areas: See page 2 of your report for a list of Topics to Review. Refer to the Table of Contents in the *Study Manual* for the ATI TEAS to locate and review information in the areas you missed and find direct references of where to go in the Study Guide to remediate.

See page 3 of your report for further explanation of scores.

### When can I re-test?

You may re-test after a 2 week (14 days) remediation period and when there is a seat available on a scheduled testing date, cost to re-test is \$90.

### How do I prepare to re-test?

- Refer to your **Individual Performance Profile** page 2, **Topics to Review** for guidance on what to review in the Study Manual for the ATI TEAS
- You may also purchase online ATI TEAS practice tests at [www.atitesting.com](http://www.atitesting.com)
- For additional help, contact IHCC Testing Center at 641-683-5142 or email [testing@indianhills.edu](mailto:testing@indianhills.edu)

### Do I have to retake all sections if I only failed one or two?

- Yes. IHCC requires a total composite score of 60%. To retest you must take the entire test.

### How many times can I attempt the ATI TEAS?

- Students may test no more than three times for Indian Hills within 12 months.
- Students who are unsuccessful after the maximum number of attempts at Indian Hills will be ineligible for admission into Indian Hills Nursing Program.
