The following expenses may be added with an appeal to the Financial Aid Office. All requests will require a student explanation (including any required supporting documentation) and will be reviewed on a case-by-case basis. Not all requests will result in 100% budget match nor matching aid funds. No additional adjustments were made for out-of-state tuition. Eligible expenses with IHCC include dependent care, disability-related expenses, and professional licensure. Requests may also include a cost-of-attendance increase on a case-by-case basis for additional course fees (i.e. additional Health Sciences program or ATC program-associated costs), or more than 10 credits per term. If accepted, requests are approved on a one-time COA addition, on a case-by- case, student-initiated basis only.
