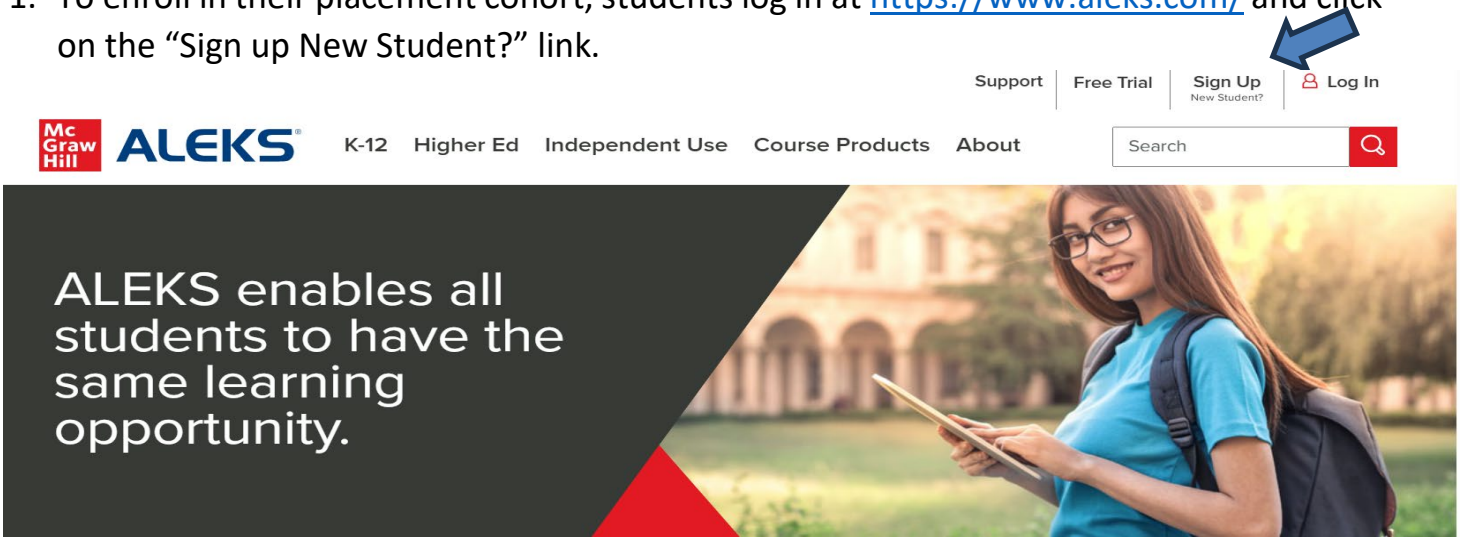
ALEKS®
Placement, Preparation and Learning

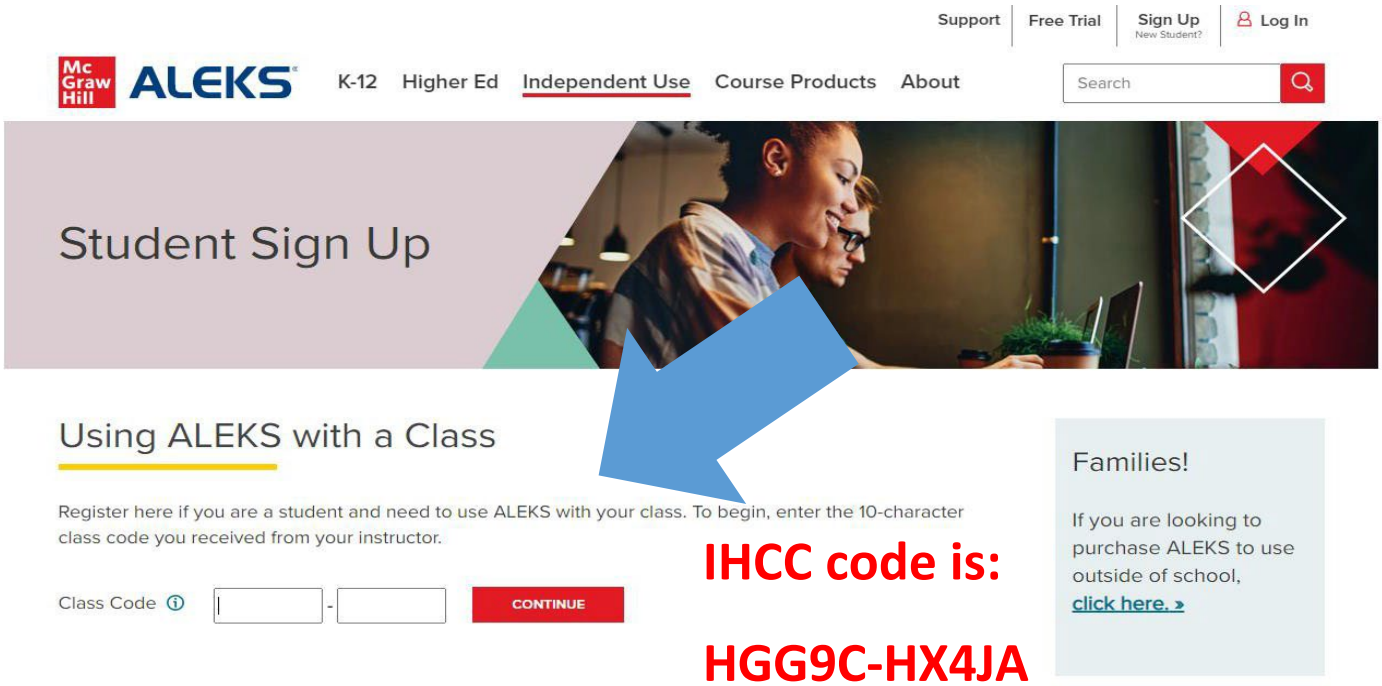
Finite Math, Pre-Calculus, Calculus 2026

Students

1. To enroll in their placement cohort, students log in at https://www.aleks.com/ and click on the "Sign up New Student?" link.



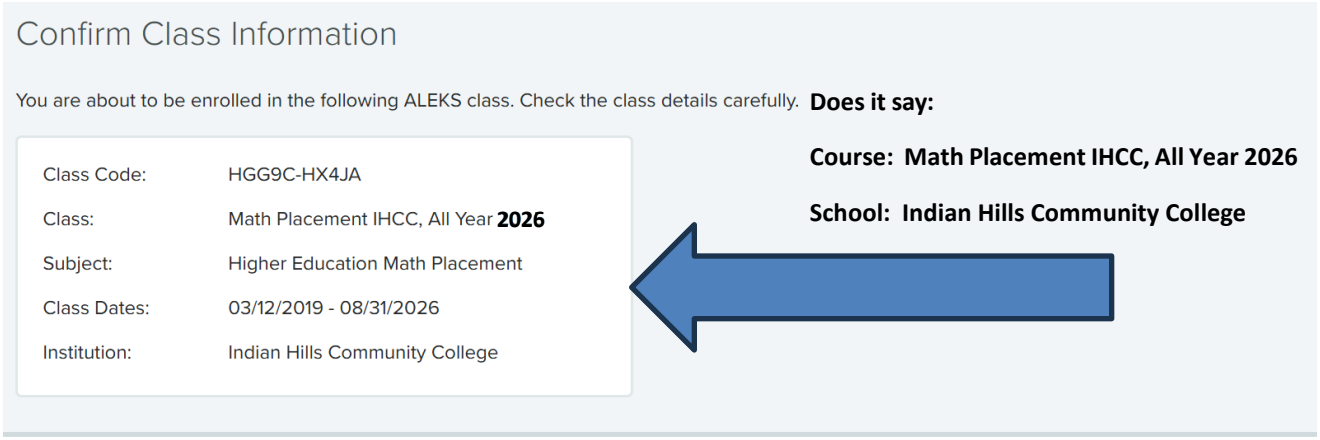
2. Students enter the 10-character course code for their placement cohort in the space provided; this information is given to students by the institution. Students click on the "Continue" button.



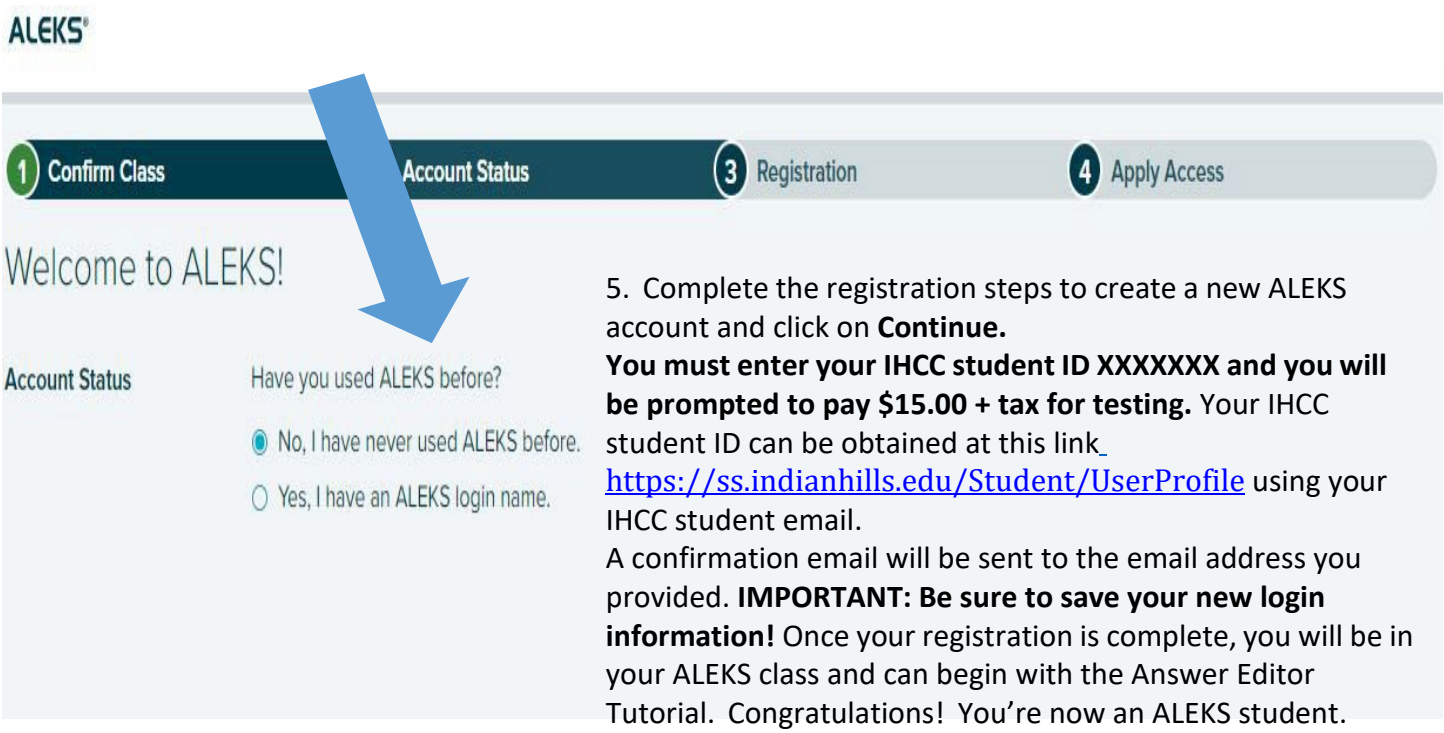
IHCC code is:

HGG9C-HX4JA

3. Verify your enrollment information. If your information is correct, click on **Confirm**.



4. Select whether you have used ALEKS before and click on **Continue**. If you haveused ALEKS before, you will be prompted to enter your existing login and password. You can retrieve your login information by clicking on **I forgot my login information.**



5. Complete the registration steps to create a new ALEKS account and click on **Continue.**
You must enter your IHCC student ID XXXXXXX and you will be prompted to pay $15.00 + tax for testing. Your IHCC student ID can be obtained at this link https://ss.indianhills.edu/Student/UserProfile using your IHCC student email.
A confirmation email will be sent to the email address you provided. **IMPORTANT: Be sure to save your new login information!** Once your registration is complete, you will be in your ALEKS class and can begin with the Answer Editor Tutorial. Congratulations! You're now an ALEKS student.
